Dear Sir or Madam,

Swat and Buner: Rehabilitation Programme for Internally Displaced People

I hope this letter finds you in the best of Health and Iman and would like to thank you for your amazing support during the previous years. Your donations has helped MWF UK to complete various projects across the world including Indonesia, Iran, India, Bangladesh, Kashmir, Palestine, South Asia Earthquake in 2005 and Balochistan Earthquake in 2008.

In response to the current escalating crisis in North West of Pakistan, Minhaj Welfare Foundation has launched an Emergency Appeal to help those in need and affected by the crisis and at the same time sent in teams of volunteers helping to deliver Emergency Aid providing food, medicine, clean drinking water, clothing, shelter and other essential items.

Shahid Kaleem, MWF UK Director of Support said **‘that urgent relief and rehabilitation is needed for over one million (1,000,000) people who are rendered displaced for no fault of their own’.**

The goals of MWF are ambitious. We intend to continue an active role in the effort to combat poverty, illiteracy and promote a balanced development. Please ring our Donation Hotline on 01282 – 723456.

Best Regards

Sagheer Akhtar
MWF UK

.....
